

HEAD ROUTESETTER

YOUR BOULDERS. YOUR CREW. YOUR JOB.

APPLY NOW!

HEAD ROUTESETTER FOR BOULDERWELT IN SOUTH OF MUNICH (32-40H/WEEK)

We are excited to announce a rare opening for the position of Head Route Setter (German: Operative Leitung Routenbau) where YOU could take the reins and realise your ideas and dreams! At Boulderwelt you will have the biggest and best canvas, and the coolest holds and volumes to show the climbing community just how good bouldering can be.

Boulderwelt München Süd is our newest Munich gym, opened just two days before the first covid lockdown in March 2020. The gym is located in the southern suburbs of Munich and focuses on being a friendly, modern bouldering gym for children and adults with everything a bouldering heart desires: varied indoor climbing walls and a spacious outdoor bouldering block, a separate kids and family area, plenty of training opportunities including traverses, a beastmaker station, a kilter board and of course a cozy café to hang out.

As Head Route Setter you will have the responsibility for all aspects of our core product, the boulders and for your routesetter team! You will be setting everything from creative boulders for beginners and regulars, to comp-style boulders and training circuits for national teams. You will have over 1400 square metres of bouldering walls, in all imaginable shapes and angles and the coolest holds and volumes. Through regular collaborations with our other Boulderwelt gyms, you will have over 10,000 square metres bouldering surface at your disposal!

Boulderwelt is committed to developing the sport of bouldering, widening the boundaries of creativity, and turning the "job" of a Route Setter into a career! It is our mission to professionalise routesetting and create long term career opportunities.

At Boulderwelt, you will be welcomed into a family-friendly working environment within a team of colleagues who share your passion for bouldering. Throughout your onboarding process you will learn about our Boulderwelt philosophy and internal company structures to help you find your feet and quickly become part of the team! Through our continued growth you will have a long term secure job position and the opportunity to advance within the Boulderwelt group.

Your commitment will be rewarded with flexible working hours, on the job training, attractive social benefits, discounts by our partners like La Sportiva, and of course exclusive bouldering in all Boulderwelt gyms! Not to mention, cappuccino on tap...

RESPONSIBILITIES

- Leadership, training and coaching of the routesetter team
- Planning, management, and overall responsibility for all routesetting within Boulderwelt Munich South
- Quality control and reporting of routesetting activities
- Active customer engagement to involve the community in the boulders and gather their feedback
- Interaction and representation in our social media channels
- Organisation and implementation of Boulderwelt competitions & events

REQUIREMENTS

- Minimum 5 years climbing and bouldering experience
- Personal fitness of minimum Fb 7a in diverse styles
- Minimum 3 years commercial routesetting experience
- Experience in personnel management
- Able to provide and receive constructive criticism
- Strong interpersonal skills and enjoys communicating with customers in the gym and via social media
- An eye for visual routesetting and photography
- Physical fitness and resilience
- Experience in event organisation
- Good level of computer competence and MS Office skills

Please send your detailed application, stating your salary expectations and possible starting date, to our site management Valentin (jobs@boulderwelt-muenchen-sued.de) by 30.09.2023. We look forward to hearing from you!
